LEMON AND PAEROA (L&P), THE VERY LARGE BOTTLE AT THE END OF THE MAIN STREET IN PAEROA AND IS NEW ZEALANDS HOME GROWN SOFT DRINK. NEW ZEALAND IS ALSO A FARMING INDUSTRY, AND IN 2070 NEW ZEALANDS FARMING INDUSTRY WILL GROW. INSTEAD OF HUMANS DOING THE WORK, ROBOTS WILL DO THE WORK FOR US. THIS IS A GREAT PLAYSET FOR YOUNGER CHILDREN, AS KIDS GENERALLY LOVE FARMS AND ROBOTS. IT IS ALSO EDUCATIONAL AS IT ILLUSTRATES WHAT NEW ZEALAND IS AS A WHOLE.

The figurine can be connected anywhere on the base plate, as well as the robots and any other part except for the robotic tractor.

The studs are 4.88mm in diameter and 8mm apart and extruded 1.80mm.
